

Staff Acceptable Use of Technology Policy

As a professional organisation with responsibility for safeguarding, all members of staff are expected to use Rainbow Pre-school's IT systems in a professional, lawful, and ethical manner. To ensure that members of staff understand their professional responsibilities when using technology and provide appropriate curriculum opportunities for learners, they are asked to read and sign the staff Acceptable Use of Technology Policy (AUP).

Our AUP is not intended to unduly limit the ways in which members of staff teach or use technology professionally, or indeed how they use the internet personally, however the AUP will help ensure that all staff understand Rainbow Pre-school's expectations regarding safe and responsible technology use, and can manage the potential risks posed. The AUP will also help to ensure that Rainbow Pre-school's systems are protected from any accidental or deliberate misuse which could put the safety and security of our systems or members of the community at risk.

Policy Scope

1. I understand that this AUP applies to my use of technology systems and services provided to me or accessed as part of my role within Rainbow Pre-school both professionally and personally. This may include use of laptops, mobile phones, tablets, digital cameras and email as well as IT networks, data and data storage and online and offline communication technologies.
2. I understand that Rainbow Pre-school's Acceptable Use of Technology Policy (AUP) should be read and followed in line with the Rainbow Pre-school's staff code of conduct.
3. I am aware that this AUP does not provide an exhaustive list; all staff should ensure that technology use is consistent with the Rainbow Pre-school's ethos, staff behaviour and safeguarding policies, national and local education and child protection guidance, and the law.

5. I understand that any equipment and internet services provided by my workplace is intended for educational use and should only be accessed by members of staff. Reasonable personal use of setting IT systems and/or devices by staff is not allowed.

Data and System Security

6. To prevent unauthorised access to systems or personal data, I will not leave any information system unattended without first logging out or securing/locking access.
 - I will use a 'strong' password to access Rainbow Pre-school's systems. A strong password has numbers, letters and symbols, with 8 or more characters, does not contain a dictionary word and is only used on one system. Passwords should be changed annually.

- I will protect the devices in my care from unapproved access or theft. Devices should not be left where they are visible or unsupervised in the classroom or office. The laptop should be stored in locked filing cabinet when not in use.
7. I will respect Rainbow Pre-school's system security and will not disclose my password or security information to others.
